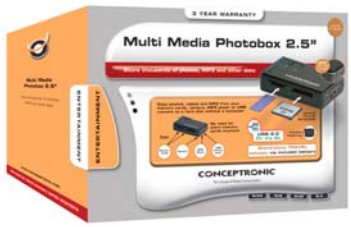
CONCEPTRONIC

The Concept of Global Communication

Specification sheet

Conceptronic Multi Media Photobox 2.5”

CPHOTOBOX



STORE THOUSANDS OF PHOTOS, MP3’S AND OTHER DATA.

Don’t buy expensive memory cards anymore! This Photobox allows you to copy and store pictures and videos from a memory card (digital camera, PDA or telephone) without using a computer and is therefore a perfect traveling/holiday solution. It supports the most popular memory cards.
The Photobox is also suitable to add an extra 2,5” external hard disk to your computer for storage and backups.
